Estate Background

History

Owner, Scholar Entrepreneur, and New Zealand native David Teece, along with his wife Leigh, believe his homeland exhibits the best products in the world and aficionados everywhere should experience them. Mt. Beautiful Wines from North Canterbury are a result of their passion for New Zealand. These elegant, made in an artisan, old-world style, and uniquely hand blended wines are a true representation of the stunning beauty of who we are.

Location

Mt. Beautiful lies in the heart of North Canterbury, on the South Island of New Zealand. The vineyard is located on the coast just an hour north of Christchurch and rests under its namesake, Mt. Beautiful.

What makes us different?

- It is time to expand out of Marlborough. Wine Spectator noted "Canterbury is one of the fastest-growing wine areas."
- All grapes are estate grown and certified sustainable.
- Soil is comprised of clay and limestone which is ideal for Pinot Noir. "The clay in the soils give the wines density and structure." –Wine Spectator
- Our Sauvignon Blanc pushes the boundaries of the typical New Zealand flavor profile by highlighting decadent tropical flavors and toning down the grassiness.
