Beautiful wine comes from a beautiful place

**Mt. Beautiful
Chardonnay 2014**

North Canterbury, New Zealand

**90
POINTS**

"New Zealand is not all about Sauvignon Blanc. This South Island Chard is crisp and bright with racy acidity and lovely notes of white peach."

"This will draw attention to the lovely Chardonnays produced in New Zealand that haven't received accolades they deserve. From certified-sustainable vineyards, this is a rather New World/Old World style. It has nuances of wildflowers, mineral and under-ripe fruit on the nose. These nuances continue on the palate, but then fruit flavors become lush and mouth filling. The finish is long and lively with racy sweet/tart acidity and a hint of lemon/grapefruit. Pair this with pork or fowl with a fruit glaze, or enjoy it as an aperitif"
